Every day Georgia DOT employees work on roadways in close proximity to travel lanes. Whether they're in maintenance, in construction or are HEROs, it's dangerous. Fifty-eight Georgia DOT personnel and many more motorists, passengers and contractors' workers have been killed in work zone crashes since 1973. When you drive in a work zone, obey the rules: Pay Attention - Slow Down - Watch for Workers. It can make the difference between life and death. Visit www.dot.ga.gov/DS/SafetyOperation/Workzone.
